

LEADERSHIP AND MANAGEMENT

LEADERSHIP

Our Believe and understanding is that our institution can only move forward towards the achievement of all its goals and vision on the bases of the kind of leadership it has

Any person within the school stakeholders who is characterised by some forms of corruption; misunderstandings and conflicting behaviour may not take our vehicle forward and hence not suitable for any leadership position at the school

A proper screening of people contesting for any leadership position at our school shall be closely monitored for an effective service delivery

No forms of discrimination by colour, denomination or sectoral locality shall be considered when allocating position into leadership roles.

A person would only qualify on account of his/her initiative and participation in all school mobility sector

MANAGEMENT

The school will only move forward if it has people who are able to realise and recognise the school's mission and vision

People who are ready to work without being pushed by those in authority

Competency of a person to go extra mile in workplace serve a great deal as a measure

Person who may voluntarily execute tasks for the effectiveness and smooth running without any instruction given to him/her[self-driven kind of a human resource]
